

FAST | BEAM™

PREFORMED BEAMS

A preformed beam designed to support the spine or dividing wall (Hebel, Speed Panel or Blockwork) between Fast Tread scissor stairs in multi-level fire stair applications.

**FULLY PREFABRICATED WITH REO
PREINSTALLED, SAVING TIME ONSITE**

**ELIMINATES THE NEED FOR A SPINE
WALL IN SCISSOR STAIR APPLICATIONS**

MINIMAL PROPPING REQUIRED

FASTER, SAFER, CLEANER
